### Nature of support

The government offers funding to tackle inequalities between children on free school meals and their peers called the pupil premium. Pupil Premium funding supports pupils who are currently eligible for free school meals, or who have been eligible for free school meals at any point in the last six years.

For the academic year 2018/2019 our pupil premium funding was £86,100.00 which we allocated to the following areas:

- Retention of support staff
- Attendance monitoring
- Behaviour Support
- Educational visits subsidised - including residential visits
- Subsidised Breakfast Club places
- Staff CPD – Mental Health and Well-being
- Educational Psychologist assessments
- Resources

### Measuring the impact of PPG spending

The impact of that expenditure on pupil premium children was as follows:

- All children received specific individual support with core subject intervention sessions. This targeted provision enabled them to catch up with other pupils if they had fallen behind and for others, to accelerate their progress further.
- Increased opportunities for children to take part in extra-curricular activities.
- Improved attitudes to learning through targeted support and staff CPD
