**Headteacher: Mrs L Kelly**

30<sup>th</sup> March 2022

Dear Parents and Carers

I apologise for having to temporarily close the school at short notice this morning and appreciate your understanding and continued support as always.

On Monday evening there was a break in on site which resulted in the generators that power the whole site being turned off. This was resolved on Tuesday morning but unfortunately we suffered a second break in last night where all power cables for the site were removed leaving the site without any power. I am working closely with the contractors, police and DfE regarding the incident and plans are in place to restore the power as quickly as possible.

School will remain closed tomorrow whilst work is undertaken to fix the problem. I will provide an update tomorrow lunchtime regarding Friday.

Staff will continue to provide work for each child via Showbie and please do not hesitate to contact them with any queries.

Mrs Kelly  
Headteacher
